STATEMENT

Issue Date: 19 APR 2010

Product Name(s): EXXONMOBIL PP7033E3

Material Code(s): 5050823

With regard to the compliance status of the ExxonMobil Chemical product(s) referenced above with the regulation(s) identified below the following can be declared:

This product complies with FDA regulation 21 CFR 177.1520 (Olefin polymers), paragraphs (c)3.1a and (c)3.2a, and may be used as articles or components of articles intended for use in contact with food, including use in articles used for packing or holding food during cooking.

This product is produced under conditions of good manufacturing practice as required by 21 CFR 174.5(a) and is of a purity suitable for its intended use in food contact applications as allowed by the regulatory citations identified above. The manufacturer of any food contact article containing this product has the responsibility to ensure that the finished article complies with any food contact regulations applicable to the specific end-use for which it is manufactured and is technically suitable for the intended use.
