**California Proposition 65**, officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986, became law in November 1986. California Proposition 65 requires businesses to provide warning to Californians about significant exposures to chemical that are known to cause cancer, birth defect or other reproductive harm.

GPPC does not typically manufacture or market consumer products. The product that GPPC manufactures may be incorporated directly or indirectly into various consumer products, but GPPC does not control or have knowledge of the specific application of GPPC’s product by customers. Therefore, GPPC cannot make any guarantee regarding the actual exposure levels to California Proposition 65.

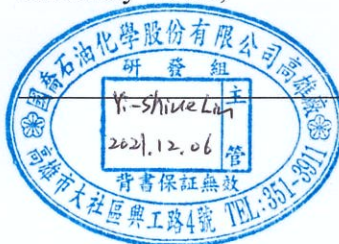

However, GPPC would like to inform customers that the **PRODUCT** listed below contain certain chemicals known to cause cancer, birth defects, or reproductive harm according to California Proposition 65. GPPC recommends customers review the California Proposition 65 regulation to determine the appropriate method and requirements for compliance. The decision to include or not include a California Proposition 65 warning notice(label) must ultimately rest with the customer utilizing GPPC’s **PRODUCT**.
