HEAVY METALS DECLARATION

PR/MSD/TM/F014

The following heavy metals (cadmium, hexavalent chromium, lead, and mercury) are not intentionally added or used during the manufacturing of **HP150G**. Therefore we declare that **HP150G** complies with:

- EC Council Directive 94/62/EC and it is amendments on packaging and packaging waste.
- EC Council Directive 2000/53/EC and it is amendments on end-of life vehicles
- CONEG the model toxic in packaging legislation

This declaration applies to **HP150G** as it leaves Petro Rabigh production facility and does not cover any components, additives, pigments, etc., subsequently incorporated by the converter.

This declaration replaces all the previous copies, and is valid until end of 2014. Upon the expiration of this declaration a new declaration can be provided upon request. In case of change during this period a new declaration will be issued and you will be notified.
